

# BOSTECH DRILLING AUSTRALIA

## Health & Safety Policy

Bostech Drilling Australia will strive to champion the workplace health and safety of all personnel, stakeholders, and visitors by providing a safe workplace with zero harm our committed target.

### To accomplish this goal management will:

- ❖ Management of health and safety operates under the sustainable development with consideration of economic success of the business and protection of the environment.
- ❖ Our aim is to provide safe working environments and hence to prevent injury and ill health to our employees and all other stakeholders: clients, professionals, subcontractors, members of the public and anyone else affected by our activities, projects or services.
- ❖ We require all directors and managers to demonstrate leadership in health and safety matters in order to develop and maintain a positive health and safety culture.
- ❖ We will comply fully with all relevant health and safety regulations and codes of practice.
- ❖ We will implement and maintain a Health and Safety System to help deliver these policy commitments.
- ❖ We will provide the necessary resources in personnel, finance and time in order to implement and maintain the Health and Safety System.
- ❖ We will set Health and Safety Objectives annually, which reflect our commitment to continual improvement in health and safety performance and the Health and Safety System.
- ❖ We recognize that we need the support of all our employees in order to achieve our Health and Safety Objectives.
- ❖ We will provide relevant health and safety information, training and instruction for our employees.
- ❖ We will consult with our employees on health and safety matters.

### All personnel have a responsibility to:

- ❖ Take all reasonable care for their own wellbeing and the wellbeing of others,
- ❖ To work in a safe and healthy manner understanding that their actions affect others,
- ❖ To comply with safety and health instructions issued by the company or by clients,
- ❖ To report immediately any incident, injury or workplace hazard,
- ❖ To be actively involved in the continued development, implementation and management of the organisations Safety and Health management.

Safety and Health is both an individual and shared responsibility, and it is up to everyone within the company to participate and co-operate with this policy to ensure its success. Cooperation and consultation with all personnel and stakeholders is a key factor to achieve these objectives.
